EUBANKS APPOINTED CHAIRMAN TO RAISE DEMO. FUND

MRS. BLOODWORTH REFUSES TO RESIGN POST

DISTRICT GOVERNOR ROGERS ADDRESSES MEXIA ROTARY

ACCEPTS DUTIES AND APPEALS FOR HELP FROM ALL

Hon. W. L. Clayton of Houston, Texas, Director of Finance for Texas for the Democratic National Committee has written A. H. Eubanks of this city as follows:

Dear Mr. Eubanks:

While in New York recently, Mr. John W. Davis asked me to act as director of finance for the Democratic National Committee for the State of Texas to collect funds to defray expenses of the Democratic Committee in the coming election.

As I have a great regard and admiration for Mr. Davis and sincerely believe that he will, if elected, make one of the greatest presidents this country has ever had, I accepted the commission which he tendered me and am now perfecting a, state wide organization, looking to a vigorous prosecution of this work.

Feeling that you are in entire sympathy with the efforts to elect this ticket, I want to ask you to serve as Chairman of your City and County. You will be expected to use your own ideas as to the best methods to employ in raising the largest sum possible in your territory.

I feel sure that you will be able to get the fullest cooperation of your local newspapers. This office will establish connections as far as possible with every Democratic paper in the State and with you serving as Chairman for your City and County, I believe that your people will respond generously to such appeal.

It takes a lot of money to properly conduct a great National Campaign. I believe that Mr. Davis stands a good chance to be elected president, if the voters of America can be made properly acquainted with his fine qualities of mind and heart and his peculiar fitness for this exalted position.

May I not expect your assistance in this cause?

Please let me hear from you as soon as possible.

Mr. Eubanks states that he has accepted this responsible commission and will do his best in the city and in Limestone County in raising funds for the expenses of the National Democratic campaign. In the acceptance which has just been made in a letter to Mr. Clayton, Mr. Eubanks states that he will do his utmost in raising the needed funds and invites the cooperation of all genuine democrats who are anxious to see the party of the masses triumph in the November general election.

He will consult friends of the party in the election of chairmen for each precinct and voting box in Limestone county, following which he will give them all cooperation needed in presenting the matter to the Democracy of this county, asking every Democrat to contribute anything from a dollar up to the cause. Those interested may mail him their checks with whatever encouragement they see proper to extend and also he invites their cooperation, not only in finances but in influence.

Mr. Eubanks' statement:

"I feel greatly the responsibility just accepted. I accepted same, after much reluctance, as I am a busy man, especially this time of the year. But I feel that all good Democrats should join heartily in support of Mr. Davis and Mr. Bryan and do everything in our power we can to elect them. Their election depends upon the people and solidity of the way the people turn out to the polls in November. I am for the ticket, from President down to constable, and every other good Democrat who participated in either of the primaries should be."

ISMERT DIES.

INSPIRATION IS BROUGHT TO CLUB IN DAY'S MESSAGE

Rotary in Mexia was spurred on to work as never before, following an address here today by Thirteenth District Governor Harry Rogers of San Antonio.

At the luncheon hour, at the Topic Cafe he faced a large attendance of Mexia Rotarians, visiting Rotarians and guests from here and elsewhere.

President A. H. Eubanks presided over the session, which was also featured by two vocal numbers by Mrs. Oscar Denning and Miss Lucile Preddy with Mrs. Sam Werner at the piano.

Guests were here from Corsicana, Groesbeck, Waco and other points.

Mr. Eubanks introduced Governor Rogers as one of the greatest Rotarians in the country and one whom he predicted was destined to be President of Rotary International. This introduction apparently met with general and generous approval, judged by the applause that followed.

Governor Rogers spoke for about thirty minutes, delivering what many declared to be the greatest Rotary address they have heard delivered in Mexia or elsewhere. Following the luncheon, he met with the directors and committeemen in the directors room of the Farmers State Bank Building.

Mr. Rogers is an eloquent, rapid fire talker and pressed for time rushed through his subject, which was "What Rotary Asks and Gives." Before getting into these questions he stressed the need of work today as Heaven's first law.

Service he declared could be rendered through knowledge, fellowship and friendship. He stressed all of these points, emphasizing each with illustrations from actual life.

Rotary asks and insists of attendance, participation excellence of trade and vision.

Rotary gives improvement, happiness and makes the world more like the ideals for which our souls long

Republicans Are Sure That They Will Win In November

(By United Press)

DALLAS, Texas, Sept. 4.—Dissatisfaction at the prospects of a woman governor of the state, and the growing strength of the Republicans will give Texas a Republican governor at the November election, Charles A. Boynton, Waco, vice-chairman of the state republican executive committee predicted here today.

"A large per cent of the vote polled by Mrs. Miriam A. Ferguson in the run-off primary was principally against klan domination of state politics" Boynton declared. "There are thousands of democrats who are dissatisfied with the prospects of Mrs. Ferguson becoming governor. These and an ever-growing republican strength will pile up a very formidable vote and victory for our party" he added.

R. B. Creagor of Brownsville, republican national committeeman from Texas and several other state party leaders were expected here today for a preliminary conference to the meeting of the state executive committee tomorrow to select a republican nominee for governor.

The gubernatorial selection of Friday will fill the vacancy in the state republican line-up occasioned by the resignation of T. P. Lee of Houston as nominee of the Fort Worth convention.

Colonel William E. Talbot of Dallas, former manager of the Texas State republican organization, and Dr. George Butte, dean of the Law Department of the University of Texas, have been mentioned as gubernatorial timber, according to Boynton.

CHINESE FIGHTING HAND TO HAND IN MORTAL COMBAT WHEN RETREAT HALTS THEN REINFORCEMENT COMES

HEAVY FIGHTING CONTINUES IN ENVIRONS OF SHANGHAI

(By United Press)

SHANGHAI, Sept. 4. — Heavy fighting continued throughout the day between the rival Chinest armies striving for the possession of Shanghai. The troops of General Hsing, who repulsed the enemy attack yesterday, yielded before a heavy drive of General Yauns' army and this evening is retiring toward the city. A squadron of attacking troops did great damage dropping bombs on the defending forces, causing heavy casualties.

General Robertson Will Not Vote For Mrs. Ferguson

WACO, Sept. 4.—Gen. Felix H. Robertson of Waco, father of District Judge Felix D. Robertson, of Dallas, defeated in the gubernatorial race in the run-off primary, a week ago yesterday, will not support Mrs. Ferguson for governor in the general election. This was made known by Gen. Robertson last night.

"I am not going to support Mrs. Ferguson," he declared.

"I consider that I am absolved from any pledge I may have taken in the primary," he added.

"This will not be the first time I have exercised my privilege to vote against the Democratic nominee.

Cordon Drawn To Protect Foreign Citizens in China

SHANGHAI, Sept. 4.—Retreat of Chekiang forces led by General Usiang halted tonight when thousands of reinforcements rushed into line to stem the advance of Yaun troops. Hand to hand fighting, participated in by 16,000 men, is raging along the front near the city.

BULLETIN:

By D. C. BESS

United Press Staff Correspondent.

SHANGHAI, China, Sept. 4.—Bitter fighting between the armies of rival Chinese war lords striving for possession of Shanghai continued today.

There were heavy artillery fire and additional wounded were brought in to Shanghai.

Kiangsu troops, which advanced toward Shanghai in force yesterday were repulsed after bitter fighting and the Chekiang forces claimed to have carried out counter movements successfully at several points along the front.

The battle line apparently has not reached any point nearer than 12 miles from the city.

Couriers arriving from the front at 9:30 a. m. said a pitched battle began at dawn today. The tide of battle surged back and forth with neither side gaining decisive advantage.

BIRDMEN BUSY REPAIRING FOR HOME FLIGHT

(By United Press)

PICTOU, N. S., Sept. 4.—America's around-the-world flyers were completing minor repairs to their planes here today and probably will not be able to take off for Boston before tomorrow.

The airmen plan to get away early in the morning and should reach the New England city, 520 miles away about mid-afternoon.

Lieut. Smith and his flying mate, Lieut. Nelson, reached here at 4:40 p. m. yesterday after flying from Hawkes Bay, New Foundland, in six hours and 30 minutes.

The airmen described the thrill with which they looked down once more upon green shores, fertile, checkered farms and white houses. The barren wastes of the Northland, over which they had been flying for so long were supplanted by the comforting sights of civilization.

Far beneath them they saw a railroad train creeping along the shore, and steam and sailing vessels plowing furrows in the sea.

Lieutenant Smith's plane needs one rear spreader, which is aboard the cruiser Milwaukee, proceeding southward along the New Foundland coast.

SEVENTEEN BAPTISED AT BAPTIST CHURCH AT PRAYER MEETING AT FIRST BAPTIST CHURCH WEDNESDAY

One of the most inspirational prayer meeting services yet held at the First Baptist church was that of Wednesday night. The church auditorium was comfortably filled with an unusually large congregation that had assembled for the mid week service of prayer and worship.

Twelve additions to the church were received at the service, five of whom were applicants for baptism and in all seventeen were baptized.

This is the largest number yet Bptized at a regular prayer meeting service in this church. Several more remain to be baptized future services.

The all day county institute began at the edifice this morning at 10:00 o'clock. There will be no services tonight in connection with the institute, Rev. Joe Jeffers, the pastor stated, on account of those scheduled on the program not having yet returned from the Holy Land. There will be another all day session Friday.

SLAYERS LAWYER PLAN ANOTHER DEFENSE AS ACE CARD

(By United Press)

CHICAGO, Sept. 4.—It has been definitely decided by attorneys for Nathan Leopold and Richard Loeb to enter pleas that the two slayers of Robert Franks have become insane since their murder hearing started, should Chief Justice John R. Caverly sentence them to hang.

This final decision, revealed today to the United Press, is the "ace" card which Clarence Darrow, "old lion of the defense", is ready to play in a last effort to save the lives of his two young clients.

Under the Illinois law, Justice Caverly would be required to call a jury to decide whether Nathan and Richard have become insane. All the evidence presented at the judicial hearing—and much more — would then be heard by a jury.

Should Justice Caverly sentence the boys to the penitentiary instead of hanging, the defense will be satisfied and no effort to set aside the sentence will be made, Darrow stated positively.

In resorting to the plea that Nathan and Richard are legally insane, the defense has a half a dozen alienists prepared to take the stand and testify that the mental condition of the two murderers is far more serious than indicated by the four defense alienists used in the judicial hearing.

More than a dozen medical experts were retained originally by the defense. The four who testified were of the opinion that both boys were "mentally diseased" but not utterly insane. Their testimony was used in the judicial hearing because no pleas of legal insanity was made. In the judicial hearing the defense sought only to show a "certain degree of responsibility," which it argued should influence the judge toward a sentence less than death.

Justice Caverly's decision will be handed down next Wednesday, Sept. 10. Since the final arguments were delivered, Caverly has gone into seclusion to peruse all the evidence in the case.

GENEVA Sept. 4.—The League of Nations Assembly went wild in greeting Prime Minister MacoDanld of Great Britain today as he rose to speak at the start of the days session.

Delegates rose as one man cheering and applauding the Labor Premier a spontaneous ovation which continued for several minutes.

MacDonald declared himself unreservedly for the league.

"If the future justifies our hopes and war is eneded" he began "it will only be through the League of Nations.

"National security is our greatest problem but it must come be settled by means that will not entail grave problems later.

"England is here to increase the authority of the league.

"Europe is impoverished owing to the war. We intend through the league to lay the foundations of peace for the world.

"The late war was a war to end war" MacDonald went on. "England intends to maintain every obligation she signs but she could not sign the League (disarmament) pact because public opinion would not permit us to carry it out.

"Amendments offered to this league pact completely killed it anyway," he said.

COTTON ARRIVAL SHOWS INCREASE DAILY IN MEXIA

LOCAL COMPRESS HAS RECEIVED ABOUT 1400 BALES.

With 1090 bales of street cotton already shipped this season by the Mexia Compress Company and three or four hundred bales now on hand with the daily arrival rapidly increasing in volume, the outlook is decidedly brighter to the cotton men of Mexia. The farmers are now coming in rapidly and the gins are running to capacity; long lines of loaded cotton wagons may be seen extending down the road from almost any gin in this section. Up until this time last year the Mexia Compress had shipped nearly 3,000 bales, which is almost double the present figure for 1924 cotton. Cotton picking has been in progress for several weeks and the local buyers are anticipating much business. Texas, agriculturally speaking, has upward of a billion dollars in sight for the present year and cotton and cotton seed are expected to yield the greatest profits, according to an estimation of Holland's southern report.

Estimated for the seven principal crops this year, as given by the magazine: Cotton and cottonseed $700,000,000. Wheat $30,421,000, corn $1,000,000, grain sorghums $60,000,000, oats $20,348,000, hay $19,800,000, rice $7,150,000.

Based on the crop report of August 1, compiled by the government crop statistician before the breaking of the south and considering prices already this, cotton was selling for 5.30 cents more per pound than at the same time last year.

She Lost Out

It was drawing near the end of the season, and the annual contest for the prettiest beauties was under way. The mayor, looking for men who were qualified to act as judges, asked a handsome, young bachelor if he would serve.

"Not on your life!" the bachelor exclaimed. "I was one of the judges in last year's contest, and my best girl failed for a prize. She hasn't spoken to me since."

Wild Oats

WHEN Dan took Evelyn in his arms and told her that he loved her she believed him.

In her ignorance of life she had no way of knowing he was not in earnest.

If she had known she was only one of many girls into whose ears he had poured the same sweet sounding words, what a world of shame and degradation she would have been spared.

"His False Standard"—in True Story Magazine for October is a story of the sowing of wild oats—and the reaping of a crop of agony. If every man and woman could see the broken hearts and ruined hopes, the days and nights of remorse and tears that follow wrong-doing—no young man would trifle with a woman's love and no girl would give her heart to any man until she had made sure that his intentions were honorable.

Don't fail to read this thrilling lesson from life.

"During those awful days of suspense both as to Evelyn's faith and mine, I passed through hell-fires of suffering . . . and I learned that I loved Evelyn, loved her as a man loves sunshine, and woods, and rivers, and all natural, wholesome things."
—from "His False Standard" in True Story for October

Other Absorbing Stories from Life

Here are just a few of the unusual features in the October Issue of True Story Magazine

"Her Final Choice"—Nina, an orphan, hungered for love. So when Peter Hodge came into her life, she fell an easy prey to his seeming devotion. She little realized that in throwing herself into his arms, she was inviting tragedy.

"What Every Woman Hopes"—Living in the country, Madge thought no temptation of city life could ever lure her into wrong. But Madge did not know how easy and attractive each little downward step is made, and how fiercely she was to have to battle for her soul.

"The Network of Fate"—When Janet concealed from her husband that his friend, had made improper advances toward her—she believed her silence the only way to save her husband from ruin. How she had to literally claw her way out of hell as a result, is a most heart gripping narrative.

"You Belong to Me"—When Avery Holson bullied her into a loveless marriage, Alice was afraid to withdraw from an alliance that was loathsome to her. Had she been properly taught from her childhood days, what agony of mind and soul she might have escaped!

The Gage of Battle

In this country a mighty conflict is raging. Evil is battling to destroy all that is virtuous and good.

The weapons of Evil are deceit, treachery, cunning. It slinks in the shadows and attacks in the dark. Against such a foe, moralizing avails little. The fight calls for *action*—determined, fearless. True Story Magazine, as published by Bernarr Macfadden represents that kind of action.

True Story needs but one weapon—the sword of truth. If it can save others the tragedy of evil; if, it can show young people the perils and penalties of wrong—it will have gone far in its battle for Right.

TEXT OF DEMOCRATIC PLATFORM

CAPITOL, Austin, Texas, Sept. 4.—The following platform was adopted by the democratic convention:

1—The democratic party of Texas, in convention assembled, adopts and approves the national democratic platform recently enunciated by the national democratic convention in the city of New York. We are proud to endorse the candidacy of John W. Davis and Charles W. Bryan, as our candidates for president and vice president. We call upon the people of the state to help in carrying their candidacy to the people of the nation.

2—At this time it is well to emphasize the imperative necessity for strict economy by the incoming administration in the maintenance and management of all state institutions. We invite the attention of the next legislature to the necessity of keeping appropriations within the constitutional limits of taxation. Our party commits itself to an adequate support of all educational, eleemosynary and other institutions of the state. The framers of our constitution placed a limitation upon the legislative power of taxation for the purpose of protecting our people against expenditure of public funds, and we invoke the observance of this limitation.

3—We congratulate the democracy of Texas on the fact that it has written a new page in the history of the government of the United States by recognizing the action heretofore taken whereby women were given the right to vote and participate in the government on equality with men and have made this recognition so emphatic that it cannot be questioned by the nomination of Mrs. Miriam A. Ferguson by an overwhelming majority—the standard-bearer of the party for the office of governor, and we pledge to her in her campaign and her administration the united support of every democrat in the state. We especially endorse and commend her purpose to materially reduce the burdens of government.

Anti-Klan Plank

4—We emphatically condemn what is known as the Invesible Empire of the Knight of the Ku Klux Klan as an undemocratic, unchristian and un-American organization. We condemn its activities in politics, and elsewhere as against the fundamental principles upon which the government was founded. We call upon all those who have joined this dangerous order through misapprehension as to its real purposes to withdraw from the same and lend their aid and influence to free the country from the strife and dissension which, as an insidious organization it has aroused among the people. We applaud the attitude of our great leador, the Honorable John W. Davis, with reference to the klan's activities, and adopt in full his condemnation of the same in his speech at Sea girt as part of our platform and principles. We demand the passage of a law requiring the public registration of all such secret organizations and likewise a law against the wearing of masks, hoods, or otherwise concealing their identity in public or private places.

5.—We favor the enactment of such additional laws as will fully protect child labor in Texas from exploitation and abuse. * * * We oppose the ratification of the Twentieth amendment to the Federal constitution dealing with this question.

6—Prohibition is written into the constitution of the United States and into the constitution of the state of Texas, and must forever remain as written. The laws enacted by the congress and by the state legislature when properly enforced are believed to be reasonably adequate to accomplish this purpose. * * * We commit the democracy of Texas and all co-ordinate agencies to a strict enforcement of these laws. * * * Prohibition in Texas is therefore settled for all time so far as human foresight can determine, and accordingly any attempt by demagogues and agitators to inject it into the campaign, where vital issues are involved is to be deprecated. * * * The democracy of Texas will tolerate no weakening and laxity in the enforcement of liquor law and will favor provisions for the appointment by the governor of assistant district attorneys for their special enforcement when, in the opinion of the executive, local officers are amiss in their duties.

7—A certain class of druggists and physicians are suspected of violating the spirit, if not the letter of the law, in the unlawful traffic in intoxicating liquors under the cover of prescriptions, and we pledge the incoming legislature and executive to do whatever may come within their province to remedy this particular evil by appropriate legislation.

We suggest that the legislature could do much to remedy this blight by enacting measures requiring detailed monthly reports to be filed with the county clerk of the county by each druggist filling liquor prescriptions showing all purchases of liquor made by him and the cost thereof and all sales, and showing the amount of gross profits on such sales and such statement should also make a full exhibit as to the quantity sold, the name of the physician giving the prescription and said report should be published monthly in some newspaper in the county where the sales are made, and adequate penalties should be provided for the violation of any of the provisions of the law by druggists or physicians.

8—We approve the efforts of the Texas Bar association looking to making more efficient the dispatch of the business of the courts and we commend to the favorable considerable of the legislature their recommendation that the rules of practice and procedure in the courts be made by the supreme court with the aid of such members of the bench and bar the court may appoint.

9—We endorse the administration of Governor Pat M. Neff and we particularly commend the earnest efforts made by him to suppress lawlessness in every form and his determination that the violation of the law should be followed by adequate punishment.

10—We commend the determined efforts of Lieutenant Governor T. W. Davidson, while acting governor, in suppressing mob violence in the state, and in arousing the public conscience upon this subject.

11—We regard it as a waste of the people's money to build expensive highways without adequate maintenance. We commend the present effort to evolve a systematic maintenance of the roads. We do not believe any road bond issue should be approved until provisions have been made for the maintenance of the roads to be constructed.

LOS ANGELES MAN HAS COLLECTION OF STILLS

(By International News Service.)

LOS ANGELES, Sept. 4.—M. B. Runkle, of this city, has the greatest collection of stills in the world.

Not stills in the sense of photographs, but stills for the manufacture of intoxicating liquors.

Large and small, round and flat, long and short are stills included in Runkle's collection which totals more than 300.

Here is a partial list of articles from which stills in the Runkle collection were fashioned:

Garbage cans, washboilers, automobile gasoline tanks, bath-water tanks, steam cookers, tea kettles, milk cans, oil containers, tobacco cans, ash cans, washing tube and tin bathtubs.

Gains 15 Pounds In 16 Days on Karnak

"I am seventy-five years of age but Karnak has actually built me up 15 pounds in 16 days and made me feel like a brand new man," states Mr. Alf Beard, former Marshal, Deputy and Ranchman, who is now making his home at the Ritz Hotel, Ft. Worth, Texas.

"Last January, while managing the Joe St. Mary's ranch at Flynn in Leon County, I broke down so completely from stomach trouble and indigestion that I lost 30 pounds in two months and didn't have strength to saddle a horse," continued Mr. Beard. "I even went to Marlin Wells, but that didn't help me any.

"I saw a statement about Karnak from a Houston man I knew and that started me taking the medicine. It has simply been a revelation. Three bottles have rid me of all my troubles, and I feel it my duty to tell others about it."

Karnak is sold in Mexia by Bennett's Drug Store. —Adv.

FORMER SULTAN'S SON WILL ENTER BUSINESS

(By International News Service)

BUDAPEST, Sept. 4.—Prince Abdul Kahir, son of Turkey's former Sultan, is the latest person of royal blood to venture into the world of business.

He is at present living in a tiny four-room flat in this city and has entered into negotiations for the acquisition of a machine building factory, which he intends to run himself, having been taught the trade of a mechanical engineer during his father's regime as Sultan.

Miss Juanita Wallace has returned to her home here after having been in Waco for the past [illegible] weeks attending summer school.

"For Mexia, I WILL"

BIBLE THOUGHT FOR THE DAY

A good name is rather to be chosen than great riches, and loving favour rather than silver and gold. —Proverbs 22:1.

PLAYGROUNDS AND VICE.

Local investigators of playground and child delinquency records find and disclose a relationship between the two that is illuminative, says the Washington Post. A check-up of delinquency arrests over a two weeks' period shows that, of the 37 arrested, only one lived within three city blocks of a municipal playground.

It is warranted assumption that children living close to playgrounds avail themselves of the opportunities so offered, and the fact that most of those arrested lived at a distance from such areas further warrants the deduction that remoteness of playgrounds makes for delinquency. This is in line with generally accepted conclusions that healthful play and recreation provide outlet for youthful energies without leading to vice and crime.

Mexia is fortunate in having Hughes Park, one of the best play parks for children in Texas, and one which is patronized by hundreds of children in this community daily.

The park is not solely for the children of Mexia but for children of the entire section. Parents are cordially invited to go with their boys and girls to this amusement center every time they come to town.

NEGLECTING THE INLETS

Why any town or city neglects roads and streets leading into it from any direction is a mystery that puzzles minds wherever such neglect is apparent. Waco, for example busies herself about most everything else in the business world except that of repairing the road leading into that city from the great Mexia industrial and agricultural district. Corsicana, to the North, also paves her streets within her city limits and seems to take pride in allowing the X-All highway leading in this direction go to ruin. But one does not have to leave this city to emphasize the point. Right here in Mexia, within the corporate limits of the city, there is an inlet from the great Coolidge section, an inlet from the Firtigand oil field district, over Belknap Street which is so rough that it not only retards progress Mexia-wards but actually causes hundreds of people living in that direction to stay away from town and go somewhere else to buy what they need. Streets in the city have been paved, handsome schools and churches have been built, great industries have been financed and started, yet Mexia holds back and refuses to do anything about improving a mile or so of roadway which reaches out into the most fertile region of this part of Texas.

THE EDITORIAL OF THE DAY

BACK TO SCHOOL.

The most significant event of the year takes place in September when millions of children go back to school.

When the final history of this age of democracy is written the common school will be set down as its greatest glory.

Here they come—children of all classes, religions and races, trooping into the schoolrooms where they sit side by side to study and to learn. This is not only an institution for the informing of the mind, it is the training school of democracy and its importance as the representative institution of the commonwealth cannot be overestimated.

Class consciousness, snobbishness, intolerance, superstition, cannot exist in the atmosphere of the public school. Here the barriers that separate classes and creeds, races and communities, are broken down. A sense of mutual sympathy and understanding is developed, the solidarity of the nation is exemplified, and the one loyalty to the flag as against all other obediences and authorities and allegiances is emphasized.

Seventy years ago Theodore Parker declared: "The common school is the cradle of America's greatness." Twenty-five centuries ago Diogenes said: "Education is the basis of the Greek state." We may well say: the public school is the foundation of the American state.

The greatness and glory of this United States waxes and wanes with the development or decline of the public school. If by reason of the growth of some other system of schools, or by a failure on the part of the citizenship to appreciate the unique civic significance of the public school, it should fall into decay a body blow would be struck at the republic.

Sometime this axiom of democracy will be universally recognized and the parents of the nation frankly and patriotically acknowledging this truth shall gladly send their children to the public schools to be instructed in secular subjects, to be trained in American citizenship, to grow up in the atmosphere of democracy, and to be imbued with the idealistic spirit of Washington and Lincoln. Herein lies the assurance of America's future.—The New Age.

LETTERS From the People

LYNCH DAVIDSON THANKS FRIENDS

September 3, 1924.

TO THE NEWS:

I am taking this means of thanking my thousands of friends for the support given my candidacy for the Governorship of Texas in the recent campaign. I wish I might have the pleasure of expressing in person my appreciation of your splendid interest, but I assure you that this conveyance of my gratitude, while inadequate, is no less sincere than would be a personal expression.

The outcome of the campaign was a surprise and of course disappointing. I regret it not so much on my own account, however, as on account of the disappointment of my friends, and of the service I believe I could have rendered my state. In fact, the campaign while very strenuous was a wonderful experience for me. Traveling over 16,000 miles and meeting more than 200,000 citizens has broadened my vision of great old Texas, and renewed my faith in her democracy. And the thousands of fine friendships thereby gained and cemented, together with the assurances of continued confidence and support that have been deluging me with every mail are in themselves more than worth the fight. I come out of the campaign happier by far than I went in and I believe much stronger politically.

May I add, too, that we are not defeated; the day of our success is just postponed two years. I have never quit a good cause, and if there does not come forth two years hence some champion of the principles upon which my candidacy was predicated, whom I regard as better able to carry them out and who I can wholeheartedly support, I shall again offer my services to my state and my people.

I truly hope you will still see fit to give me the benefit of your valued support at that time, and I shall gladly welcome any expressions of your views and suggestions that you may care to make in the meantime.

Thanking you again for your loyal support, and with kindest regards, I am,

Sincerely yours,
LYNCH DAVIDSON.

New Hampshire G. O. P. Choice For Governor Well Known In Mexia

Mr. and Mrs. W. K. Boyd express much pleasure today at press dispatches that state that Captain John G. Winant, Concord N. H., financier has been conceded the Republican nomination for Governor in that state.

Captain Winant will be remembered by many in Mexia. He financed the Coyle well in the Golden Lane during the big boom here and spent several weeks on several different occasions in this city. He made his home while here with Mr. and Mrs. Boyd.

The press dispatch is as follows:

Capt. John G. Winant, Concord financier, was conceded the Republican nomination for Governor Wednesday by his chief opponent, Major Frank Knox, publisher of the Manchester Union and Leader, when the returns from 217 of the 294 electoral district gave Winant a plurality of 2,-604. The totals were Winant 18,-606, Knox 16,612.

In the Republican nominations for congressional representatives, Fletcher Hale of Laconia leads in the First District and Congressman Edward H. Wason of Nashua in the Second. Senator Henry W. Keyes of Haverhill was renominated without opposition. The Democrats had no contests for Governor or for congressional delegates.

The contest between Winant and Knox was spirited.

Major Knox in a message of congratulations declared that "the important thing now is to elect the entire Republican ticket," and to "stand behind Calvin Coolidge and the State standard bearer of the party."

Gov. Fred H. Brown of Somersworth, as the Democratic candidate, opposed to Capt. Winant, will be the first Governor of the State in many years to seek a second term.

SPORT LIGHTS

By SCRIBBLES.

The third day of football training at Westminster College saw a few new members added to the squad and also a valuable assistant for Coach Lewis in Lawrence Reisor, star S. M. U. fullback who will assist Lewis for about ten days.

Elmo Angel, star center for T. M. last year reported for duty and is a big husky fellow who seems to knows his stuff about the pigskin.

Cotton Wilson, a hefty cotton topped lad, is showing up good with Hutor. Cotton was on the Honey Grove team two years ago and still knows how to play the game.

John Hunt, who has played half on the John Tarleton squad is among those who are working for a position with the Wildcats. Hunt is a fast man, also a good passer and a fair kicker.

Coach Lewis says that the first game of the season will be played in Mexia at Nowlin Park on Saturday, September 27th with Weslyan College. Wesley has humbled the Wildcats for the last two years but they expect to clean up the field with Weslyans.

The first game of the season for the Mexia Hi Black Cats will be on Friday, September 26th with the Mart Hi gridders. The Mart gridders are coached by one of the Golden ball players, R. C. (Country) Williamson and he expects to have a good team on the slate of every school that they play.

Robert Storey, star end for the Black Cats last year, and Reuben Parker, left Wednesday afternoon for Longview where they will play with the Black Cats until Friday morning when they break camp to return to Mexia. They will also witness the scrimmage with the Longview Hi gridders Thursday afternoon.

Phil Garner Sr. and Robert Terrell left Thursday morning for Longview for the Cats initial scrap. They will bring back a load of the Cats fighting

AMERICANS SWEEP EUROPE OF ART, AVERS COLLECTOR

(By International News Service.)

NEW YORK, Sept. 4.—The search for American art objects has swept Europe clean of masterpieces, according to Charles H. Ulrichsel, of New York, president of a well-known art firm, on his recent return from a search for masterpieces in Europe.

He was able, however, to show invoices for articles valued at $1,000,000, including a painting, "The Flower Gatherers," by Gainsborough. It was purchased from the estate of the late Lord Carnavon, discover of the tomb of Tut-ankh-Amen.

Bag Limit And Season Given For Benefit of Hunters

The dove season opened here on Sept. 1st. In view of the fact that hunters around Mexia will be interested in learning the bag limit and season on other birds and animals we are printing this for their information:

The dove season lasts from Sept. 1st. to Dec. 31st., in the North zone which is North and West of I. & G. N. and T. P. Railroad tracks running from Laredo to San Antonio to Austin to Longview to Texarkana. Mexia and surrounding territory is included in the north zone. The season starts 15 days later in the south zone which is south and east of the above stated tracks.

The quail season opens Dec. 1st. until Jan. 31st.

You may kill at any time, in any numbers, English sparrows, ricebirds and blackbirds, buzzards, crows, owls hawks, (except sparrow hawk), and rabbits.

Bag Limits.

Never more than 25 of all kinds in one day's bag, and never shipping or possessing more than a grand total of 75 of all kinds.

Deer, three bucks in one season.

Quail and Chachalaca, fifteen in one day in open season.

Wild Turkey, three gobblers in one season. Exceptions, only two in Dallas, Rockwall, Cherokee, Nacogdoches, Angelina, Tyler, Jasper, Newton, Orange, Jefferson, Hardin, and Liberty Counties.

Doves or Plover fifteen in any one day.

Geese and Brant, not more than eight in any one day.

Ducks and Wilson or Jack Snipe, not more than twenty five in any one day.

Prairie Chicken, not more than five in any one day, and not more than fifteen any one season.

Squirrels, five in any one day.

Do not fail to get your hunting license before shooting any kind of game. They may be obtained at Wolverton Hardware Company. All of this money goes to the State Game Warden to enforce the game laws, which is directly beneficial to all sportsmen.

WATER CONDITIONS.

Charts showing all water and oil elevations in the Richland field which were prepared by petroleum engineers of the United States Bureau of Mines in charge of the Central Texas fields and worked out in conjunction with the leading operatives in that field were presented at a meeting of oil operators at Corsicana at 2 o'clock Monday afternoon. The charts indicate water levels and approximate formations at the producing horizon of every well in the Richland field.

The report was submitted by H. C. O. Clark, petroleum engineer in charge of this district who has been working with an expert staff for some time on cross sections of the field upon data furnished primarily by the operating companies themselves.

Practically every company was represented at the meeting several coming from out-oftown points.

Suggestions as to the best general methods of protecting the field against untimely water encroachment were offered by Mr. Clark together with individual recommendations for the handling of particular wells that are showing water at the present. He offered his services in personally supervising work on certain wells if the companies so desired.

His recommendations included principally the cementing and plugging back of faulty producers. Edge water and bottom water which are ever present in the field must be guarded against, he stated, in order to retard as long as possible the final encroachment of the waters to both reduce the operating cost and to forestall distribution of water imporperly through the producing horizons of the field.

John R. Lock, Mexia, deputy supervisor of the oil and gas division of the Texas Railroad Commission in charge of the Corsicana-Mexia district, who attended the conference between operating companies and the Bureau of Mines engineers, declares that water conditions in the Mexia field are good. The usual trouble with water in this district has been reduced to the minimum, he states, it always having been necessary to run a good deal of fluid to produce pipe line oil taking the field as a whole.

Cutting is not necessary, the oil being simply settled out quickly Mr. Lock declares.

COMFORTS JUDGE CAVERLY IN CRUCIAL HOURS.

MRS. JOHN R. CAVERLY, wife

Knowing that the eyes of the world are upon him, and that he, and he alone, must fix the fate of "Dickie" Loeb and "Babe" Leopold, slayers of little Robert Franks, of Chicago, in a decision that will be flashed around the world, it is small wonder that Judge John R. Caverly showed the terrible strain of the long drawn-out hearing. When he retired into seclusion to make his momentous decision Mrs. Caverly accompanied him to cheer him up.

JUDGE TO GO AWAY TO MAKE HIS DECISION

By United News.

CHICAGO, Sept. 4.—Behind a bulwark of policemen and bell and elevator boys Justice John R. Caverly attacked the last six hundred pages of testimony in the murder hearing of Nathan Leopold and Richard Loeb for the Murder of Bobby Franks.

On September 10 the Judge will impose the senteence on the youths.

Justice Caverly hopes to conclude the reading of the testimony by Friday when he plans to depart for the home of a friend about 100 miles from Chicago.

There he will make his fateful decision.

Cranks have been writing letters to Justice Caverly, some demanding death for the slayers and others asking for mercy. Some of the letters contain threats.

Isn't it queer how people who are not capable of giving advice to themselves seem to know the proper thing for you to do?

WOMAN SENATOR FIGHTS GEORGIA GOVERNOR AND KLAN

ATLANTA, Ga., Sept. 4.—Mrs. Rebecca Latimer Felton, whose one day in the U. S. Senate is the only time that a woman has ever occupied a seat in the Senate House, re-entered politics by attacking Governor Clifford Walker, of Georgia, and the Ku Klux Klan.

Mrs. Felton assailed Governor Walker for his support of Judge G. Howard, of Superior Court here, a candidate for re-election. She declared the governor was influenced in his stand by the hooded order.

"I am not sure the Governor is a Klansman, but someone is making him do this extraordinary thing," she said. "I suppose he hangs up his 'hood and nightie' in the capitol of Georgia."

"TWENTY IS PLENTY"

CHICAGO, Sept. 3.—With a record of 397 deeaths in automobile accidents here since January 1 last, motorists have adopted another slogan of precaution, to paste on windshields. It is: "Twenty is Plenty," twenty miles per hour being the speed limit.

FAMOUS FRENCH RECIPES

Stuffed Cucumbers

PARIS, Sept. 4.—Good use may be made of the larger and older cucumbers by stuffing them.

Choose six nice ones and remove about an inch from the end. Peel and split. Remove the pulp and seed.

Make a stuffing of small pieces of bacon, well-seasoned meat, hard-boiled eggs and bread crumbs. Fill the cucumbers and press together. Tie with fine string and put to cook in a bouillon, with ham, carrots, orions, butter and seasoning. Let simmer for two hours. Reduce the sauce and bind with flour.

Health Brings Beauty

Roanoke, Texas—"I was ill for weeks, not able to do my work. I had feminine trouble of a serious nature. At evening I would have high fever and my back and head would ache day and night. The doctor wanted to give me treatments, but my druggist advised my husband to get a bottle of Dr. Pierce's Favorite Prescription. Before I had taken the first bottle I felt so much better I bought another, and before I was thru taking that I was well."—Mrs. R. E. Cunningham, Route 1.

DUCHESS SUES TO GET INTO LONDON PALACE.

DUCHESS OF WESTMINSTER.

The Duchess of Westminster, second wife of England's richest peer, has asked a London injunction to restrain her husband from ejecting her from her London palace, Bourdon House. She declares he won't permit her to enter to recover her belongings. She is now on her way to America. The Duke's first wife divorced him in 1919, and in 1920 he married Miss Violet Rowley Nelson, daughter of the late Sir William Nelson, shipping and meat magnate.

PARIS STYLE HINTS

By ALICE LANGELIER,
International News Service Staff Correspondent.

PARIS, Sept. 4.—All the Fall openings affirm the fact that the reign of the tunic will be paramount this Winter season.

Every gown has its tunic. It may be a short one, or it may be a long one, but in any case there is a tunic of some size or other somewhere on the gown. Bechoff is introducing tunics for every occasion, and especially the long, straight one, showing only a very short underskirt and preserving the slender silhouette. They are very smart in the new tailleur costume of broadcloth or Ottoman, with the tunic often made of a contrasting material, richly embroidered or trimmed with fur. Long coats, reaching to within a few inches of the hem of the skirt, accompany these tunic costumes and are straight in line, with high collars buttoned right around the neck, or made of fur.

Brandt's collection also shows that the tunic is the mark of distinction of the new Winter styles. In many cases he puts the tunic on otherwise straight, chemise-like dresses, in the shape of pieces set on the skirt across the front or partially covering the skirt, but leaving the back straight and plain.

Paten keeps to the tunic idea, with circular pieces attached to the skirt here and there, giving the appearance of width, without detracting from the straight-line lends, which is always essential. Often a circular godet is placed directly in front and above the hem on the skirt. A charming evening model has a black velvet panel in front with circular lace tunics at the side, edged with fur. Another has the underslip of shimmering black fulgurante satin, with a tunic of printed georgette.

Georgette is favoring the long tunic blouse to wear with her smart three-piece costumes. They come in heavy crepe de Chine and other silks and go right over the skirt, almost reaching to the very hem.

At Philippe & Gaston's tunics share honors with the single skirt, although often they are so long that the underskirt is abbreviated to a mere border the size of a pleat, or to a double row of scallops. The single skirt is frequently slit at the sides, or directly in the front, of an underdress of another material and color to simulate a tunic. The tab skirt, cut in oblong, over a slip of another gives the same effect.

As Mild as Morning Dew!

"Impossible!" you may say, but a test will prove it a fact. A new mild and non-sickening calomel has been perfected—one that men, women and children can take with the greatest of safety. It is free from impurities that cause salivation, free from cramping, griping, drastic effects, free from all unpleasantness. It works on a new principle. The purest English calomel is combined with pepsin. The pepsin dissolves slowly and allows the calomel to be absorbed into the system without forming a strong calomel solution. That is why it cannot sicken. From your druggist. Prepared by the Pepsinated Calomel Co., Atlanta, Ga.

NEGROES START INSTITUTE JUST WEST OF TOWN

Construction is reported to have begun today on a $30,000 building to be used as the main structure for the Negro Primitive Baptist Industrial Institute near this city. The contract has been let to J. C. Hodges and actual work on the institution is now under way on what is known as the old Broadnax place southwest of town about a mile and about a quarter of a mile from the road to Tehuacana and on the hill.

The negroes who have been working in the interest of locating the college here have been working zealously for many month and have had the cooperation of the citizens of Mexia, whites and negroes, in putting the project across.

The institute will draw students from all states of the Southwest.

In addition to the main building, two wooden dormitories will be built it is understood, according to early plans formulated.

The campus site consists of 33 acres that have been secured for the institute.

Sun Brown 4 Sets Casing At 2890 Ft.

The Brown #1 of the Sun Company, Seay, Cranfill and Reynolds drillers, entered the Austin Chalk at 2365 feet and is now well on the way to Woodbine production depths in the extending Richland field.

The same company has set casing on the Brown 4at 2890 feet.

The Simms test on the Fishing club tract is reported to have tested dry.

The McIntyre test, southeast of the producing area was reported the early part of the week as making core tests at 2020 feet.

DENIES ALLEGATION.

ATLANTIC CITY, Sept. 4.—Rumors that Jack Dempsey is engaged to Miss Estelle Taylor, movie actress, are denied by the champion, who "took time out" while greeting the aspirants for the title "Miss America" in the beauty pageant to assert his point.

Miss Ann Stephens has returned from a seven weeks visit with Mrs. Ben Jackson at Beaumont.

Miss Dorothy Parker returned on the noon train today from Dallas after several days visit there.

W. H. Wallace, Jr. has returned to his home in Denison after several days visit here with relatives.

Mrs. W. H. Wallace, Sr. and son, Robert have gone to Denison to visit relatives.

Clarence Pittman of this city was a Corsican visitor Tuesday. His many friends there were glad to see him again.

Mr. and Mrs. Archie Howard and son, Leroy, left Wednesday afternoon for their home in Little Rock after a pleasant visit in our city.

Mr. and Mrs. Claude Maer and little son have returned to their home in Ft. Worth after a short visit in the home of Mr. and Mrs. Jno. Sweatt.

Mr. and Mrs. Listen Tatum of Corsicana are rejoicing over the arrival of a ten pound girl in their home. Mrs Tatum is the daughter of Mr. and Mrs. John R. Corley of Mexia.

Blake Smith, E. L. Smith and his father Wood Smith have returned from a trip to Reagan county, where they have been looking after their oil interests in that place.

Miss Lillian Wallace of the Western Union offices has returned from a week's vacation which she spent in Waco with relatives in that city. She reports having a most delightful time.

Mrs. John Sweatt entertained with a movie party Tuesday afternoon, honoring Mrs. Archie Howard, now of Little Rock, who resided here a few years ago.

There will be no services at the First Baptist Church tonight. The speakers scheduled to be here are unable to reach the city in time for the meeting of the Limestone County Institute. The Institute will be in all day session again Friday.

Mr. and Mrs. E. J. Anderson of Wichita Falls are the guests of Mrs. Harry Forrest on Ross Avenue. Mr. and Mrs. Anderson have just returned from a pleasant vacation in the East and will visit here several days before returning to their home.

Mr. and Mrs. John Neece and family are now domiciled in their handsome home on South Ross Avenue. The residence is one of the finest in the city and adds interest to that section of the city in which it is located. Several new homes have gone up or are being built in that part of town, following the erection there of the Neece home. There is some talk of extending the pavement on Ross Avenue, from the Hopkins street intersection south.

PERSONS NOT ENTITLED TO VOTE CAST BALLOTS IN FIRST PRIMARY CONTESTANT SAYS

Contest of the right of J. A. Stanford of Waco to be the democratic nominee for associate justice of the Tenth Court of Civil Appeals is made in a suit filed in the Nineteenth district court by Mr. Stanford's opponent in the first primary, Associate Justice J. W. Spivey. A hearing on the contest will be held September 15, according to announcement made Wednesday by District Judge James P. Alexander.

There were only two entries in this race, hence they participated only in the first primary, July 26.

Claims Irregularities.

Probably the most important allegations on which the position is based is in Waco many were allowed to vote whose names do not appear on the list of qualified voters.

The contention is also made that in some of the incorporated towns in the Tenth district where a poll tax was levied for 1923 that persons who had not paid their poll taxes were permitted to vote.

In at least one precinct in the district it is asserted that the numbers given to voters on the poll list is duplicated as to some 150 votes, and in which precinct the contestee is declared to have received a majority.

Judge Spivey asks for a hearing on the evidence and that such returns as are complained of be excluded and that the contestant be declared the nominee.

Many irregularities are urged as the basis for the contest on the part of Judge Spivey, the greater portion of these dealing with the manner in which the returns of the election were made and their certification to the respective democratic executive committees in the Tenth district. At the Tenth judicial convention held in Waco, August 23, last, Mr. Stanford was declared the nominee by a majority of 272 votes.

In his petition Judge Spivey styles himself the contestant and Mr. Stanford the contestee. He claims that no returns were made from some of the voting precincts in the counties in the Tenth district, and that those returns made were defective in law, so as to constitute no returns.

He further alleges that the executive committees canvassed the returns on such information as was furnished them, whether this information was constitutional legal returns of the election from several precincts, and upon such returns, whether in legal form and authenticity, and upon information where they had no legal returns, and declared the result of each voting precinct.

Judge Spivey alleges that the returns tabulated were based on the character of returns and information hereinbefore mentioned, erroneous counting of votes, erroneous addition of votes, which if otherwise might have been legal, were illegally received and deposited ballots and accordingly counted.

It is contended by Judge Spivey that if only the ballots of legal voters and only legally cast votes had been counted, and correctly, and if only legally prepared and authentic returns had been canvassed that he would have received a majority.

The contestant further declares that in many voting precincts, wherein the contestee was given a majority, the presiding officer did not hold the election.

EUBANKS APPOINTED CHAIRMAN TO RAISE DEMO. FUND

MRS. BLOODWORTH REFUSES TO RESIGN POST

DISTRICT GOVERNOR ROGERS ADDRESSES MEXIA ROTARY

ACCEPTS DUTIES AND APPEALS FOR HELP FROM ALL

Hon. W. L. Clayton of Houston, Texas, Director of Finance for Texas for the Democratic National Committee has written A. H. Eubanks of this city as follows:

Dear Mr. Eubanks:

While in New York recently, Mr. John W. Davis asked me to act as director of finance for the Democratic National Committee for the State of Texas to collect funds to defray expenses of the Democratic Committee in the coming election.

As I have a great regard and admiration for Mr. Davis and sincerely believe that he will, if elected, make one of the greatest presidents this country has ever had, I accepted the commission which he tendered me and am now perfecting a, state wide organization, looking to a vigorous prosecution of this work.

Feeling that you are in entire sympathy with the efforts to elect this ticket, I want to ask you to serve as Chairman of your City and County. You will be expected to use your own ideas as to the best methods to employ in raising the largest sum possible in your territory.

I feel sure that you will be able to get the fullest cooperation of your local newspapers. This office will establish connections as far as possible with every Democratic paper in the State and with you serving as Chairman for your City and County, I believe that your people will respond generously to such appeal.

It takes a lot of money to properly conduct a great National Campaign. I believe that Mr. Davis stands a good chance to be elected president, if the voters of America can be made properly acquainted with his fine qualities of mind and heart and his peculiar fitness for this exalted position.

May I not expect your assistance in this cause?

Please let me hear from you as soon as possible.

Mr. Eubanks states that he has accepted this responsible commission and will do his best in the city and in Limestone County in raising funds for the expenses of the National Democratic campaign. In the acceptance which has just been made in a letter to Mr. Clayton, Mr. Eubanks states that he will do his utmost in raising the needed funds and invites the cooperation of all genuine democrats who are anxious to see the party of the masses triumph in the November general election.

He will consult friends of the party in the election of chairmen for each precinct and voting box in Limestone county, following which he will give them all cooperation needed in presenting the matter to the Democracy of this county, asking every Democrat to contribute anything from a dollar up to the cause. Those interested may mail him their checks with whatever encouragement they see proper to extend and also he invites their cooperation, not only in finances but in influence.

Mr. Eubanks' statement:

"I feel greatly the responsibility just accepted. I accepted same, after much reluctance, as I am a busy man, especially this time of the year. But I feel that all good Democrats should join heartily in support of Mr. Davis and Mr. Bryan and do everything in our power we can to elect them. Their election depends upon the people and solidity of the way the people turn out to the polls in November. I am for the ticket, from President down to constable, and every other good Democrat who participated in either of the primaries should be."

INSPIRATION IS BROUGHT TO CLUB IN DAY'S MESSAGE

Rotary in Mexia was spurred on to work as never before, following an address here today by Thirteenth District Governor Harry Rogers of San Antonio.

At the luncheon hour, at the Topic Cafe he faced a large attendance of Mexia Rotarians, visiting Rotarians and guests from here and elsewhere.

President A. H. Eubanks presided over the session, which was also featured by two vocal numbers by Mrs. Oscar Denning and Miss Lucile Preddy with Mrs. Sam Werner at the piano.

Guests were here from Corsicana, Groesbeck, Waco and other points.

Mr. Eubanks introduced Governor Rogers as one of the greatest Rotarians in the country and one whom he predicted was destined to be President of Rotary International. This introduction apparently met with general and generous approval, judged by the applause that followed.

Governor Rogers spoke for about thirty minutes, delivering what many declared to be the greatest Rotary address they have heard delivered in Mexia or elsewhere. Following the luncheon, he met with the directors and committeemen in the directors room of the Farmers State Bank Building.

Mr. Rogers is an eloquent, rapid fire talker and pressed for time rushed through his subject, which was "What Rotary Asks and Gives." Before getting into these questions he stressed the need of work today as Heaven's first law.

Service he declared could be rendered through knowledge, fellowship and friendship. He stressed all of these points, emphasizing each with illustrations from actual life.

Rotary asks and insists of attendence, participation excellence of trade and vision.

Rotary gives improvement, happiness and makes the world more like the ideals for which our souls long

Republicans Are Sure That They Will Win In November

(By United Press)

DALLAS, Texas, Sept. 4.—Dissatisfaction at the prospects of a woman governor of the state, and the growing strength of the Republicans will give Texas a Republican governor at the November election, Charles A. Boynton, Waco, vice-chairman of the state republican executive committee predicted here today.

"A large per cent of the vote polled by Mrs. Miriam A. Ferguson in the run-off primary was principally against klan domination of state politics" Boynton declared. "There are thousands of democrats who are dissatisfied with the prospects of Mrs. Ferguson becoming governor. These and an ever-growing republican strength will pile up a very formidable vote and victory for our party" he added.

R. B. Creagor of Brownsville, republican national committeeman from Texas and several other state party leaders were expected here today for a preliminary conference to the meeting of the state executive committee tomorrow to select a republican nominee for governor.

The gubernatorial selection of Friday will fill the vacancy in the state republican line-up occasioned by the resignation of T. P. Lee of Houston as nominee of the Fort Worth convention.

Colonel William E. Talbot of Dallas, former manager of the Texas State republican organization, and Dr. George Butte, dean of the Law Department of the University of Texas, have been mentioned as gubernatorial timber, according to Boynton.

HEAVY FIGHTING CONTINUES IN ENVIRONS OF SHANGHAI

(By United Press)

SHANGHAI, Sept. 4. — Heavy fighting continued throughout the day between the rival Chinest armies striving for the possession of Shanghai. The troops of General Hsing, who repulsed the enemy attack yesterday, yielded before a heavy drive of General Yauns' army and this evening is retiring toward the city. A squadron of attacking troops did great damage dropping bombs on the defending forces, causing heavy casualties.

General Robertson Will Not Vote For Mrs. Ferguson

WACO, Sept. 4.—Gen. Felix H. Robertson of Waco, father of District Judge Felix D. Robertson, of Dallas, defeated in the gubernatorial race in the run-off primary, a week ago yesterday, will not support Mrs. Ferguson for governor in the general election. This was made known by Gen. Robertson last night.

"I am not going to support Mrs. Ferguson," he declared.

"I consider that I am absolved from any pledge I may have taken in the primary," he added.

"This will not be the first time I have exercised my privilege to vote against the Democratic nominee.

SHANGHAI, Sept. 4.—Retreat of Chekiang forces led by General Usiang halted tonight when thousands of reinforcements rushed into line to stem the advance of Yaun troops. Hand to hand fighting, participated in by 16,000 men, is raging along the front near the city.

BULLETIN:

By D. C. BESS

United Press Staff Correspondent.

SHANGHAI, China, Sept. 4.—Bitter fighting between the armies of rival Chinese war lords striving for possession of Shanghai continued today.

There were heavy artillery fire and additional wounded were brought into Shanghai.

Kiangsu troops, which advanced toward Shanghai in force yesterday were repulsed after bitter fighting and the Chekiang forces claimed to have carried out counter movements successfully at several points along the front.

The battle line apparently has not reached any point nearer than 12 miles from the city.

Couriers arriving from the front at 9:30 a. m. said a pitched battle began at dawn today. The tide of battle surged back and forth with neither side gaining decisive advantage.

BIRDMEN BUSY REPAIRING FOR HOME FLIGHT

(By United Press)

PICTOU, N. S., Sept. 4.—America's around-the-world flyers were completing minor repairs to their planes here today and probably will not be able to take off for Boston before tomorrow.

The airmen plan to get away early in the morning and should reach the New England city, 520 miles away about mid-afternoon.

Lieut. Smith and his flying mate, Lieut. Nelson, reached here at 4:40 p. m. yesterday after flying from Hawkes Bay, New Foundland, in six hours and 30 minutes.

The airmen described the thrill with which they looked down once more upon green shores, fertile, checkered farms and white houses. The barren wastes of the Northland, over which they had been flying for so long were supplanted by the comforting sights of civilization.

Far beneath them they saw a railroad train creeping along the shore, and steam and sailing vessels plowing furrows in the sea.

Lieutenant Smith's plane needs one rear spreader, which is aboard the cruiser Milwaukee, proceeding southward along the New Foundland coast.

SLAYERS LAWYER PLAN ANOTHER DEFENSE AS ACE CARD

(By United Press)

CHICAGO, Sept. 4.—It has been definitely decided by attorneys for Nathan Leopold and Richard Loeb to enter pleas that the two slayers of Robert Franks have become insane since their murder hearing started, should Chief Justice John R. Caverly sentence them to hang.

This final decision, revealed today to the United Press, is the "ace" card which Clarence Darrow, "old lion of the defense", is ready to play in a last effort to save the lives of his two young clients.

Under the Illinois law, Justice Caverly would be required to call a jury to decide whether Nathan and Richard have become insane. All the evidence presented at the judicial hearing—and much more—would then be heard by a jury.

Should Justice Caverly sentence the boys to the penitentiary instead of hanging, the defense will be satisfied and no effort to set aside the sentence will be made, Darrow stated positively.

In resorting to the plea that Nathan and Richard are legally insane, the defense has a half a dozen alienists prepared to take the stand and testify that the mental condition of the two murderers is far more serious than indicated by the four defense alienists used in the judicial hearing.

More than a dozen medical experts were retained originally by the defense. The four who testified were of the opinion that both boys were "mentally diseased" but not utterly insane. Their testimony was used in the judicial hearing because no pleas of legal insanity was made. In the judicial hearing the defense sought only to show a "certain degree of responsibility," which it argued should influence the judge toward a sentence less than death.

Justice Caverly's decision will be handed down next Wednesday, Sept. 10. Since the final arguments were delivered, Caverly has gone into seclusion to peruse all the evidence in the case.

GENEVA Sept. 4.—The League of Nations Assembly went wild in greeting Prime Minister MacoDanld of Great Britain today as he rose to speak at the start of the days session.

Delegates rose as one man cheering and applauding the Labor Premier a spontaneous ovation which continued for several minutes.

MacDonald declared himself unreservedly for the league.

"If the future justifies our hopes and war is eneded" he began "it will only be through the League of Nations.

"National security is our greatest problem but it must come be settled by means that will not entail grave problems later.

"England is here to increase the authority of the league.

"Europe is impoverished owing to the war. We intend through the league to lay the foundations of peace for the world.

"The late war was a war to end war" MacDonald went on. "England intends to maintain every obligation she signs but she could not sign the League (disarmament) pact because public opinion would not permit us to carry it out.

"Amendments offered to this league pact completely killed it anyway," he said.

SEVENTEEN BAPTISED AT BAPTIST CHURCH AT PRAYER MEETING AT FIRST BAPTIST CHURCH WEDNESDAY

One of the most inspirational prayer meeting services yet held at the First Baptist church was that of Wednesday night. The church auditorium was comfortably filled with an unusually large congregation that had assembled for the mid week service of prayer and worship.

Twelve additions to the church were received at the service, five of whom were applicants for baptism and in all seventeen were baptized.

This is the largest number yet Eptized at a regular prayer meeting service in this church. Several more remain to be baptized future services.

The all day county institute began at the edifice this morning at 10:00 o'clock. There will be no services tonight in connection with the institute, Rev. Joe Jeffers, the pastor stated, on account of those scheduled on the program not having yet returned from the Holy Land. There will be another all day session Friday.

COTTON ARRIVAL SHOWS INCREASE DAILY IN MEXIA

LOCAL COMPRESS HAS RECEIVED ABOUT 1400 BALES.

With 1099 bales of street cotton already shipped this season by the Mexia Compress Company and three or four hundred bales now on hand with the daily arrival rapidly increasing in volume, the outlook is decidedly brighter to the cotton men of Mexia. The farmers are now coming in rapidly and the gins are running to capacity; long lines of loaded cotton wagons may be seen extending down the road from almost any gin in this section. Up until this time last year the Mexia Compress had shipped nearly 3,000 bales, which is almost double the present figure for 1924 cotton.

Cotton picking has been in progress for several weeks and the local buyers are anticipating much business. Texas, agriculturally speaking, has toward of a billion dollars in sight for the present year and cotton and cotton seed are expected to yield the greatest profits, according to an estimation of Holland's southern report.

Estimated for the seven principal crops this year, as given by the magazine: Cotton and cottonseed $700,000,000, Wheat $30,424,000, corn $64,000,000, grain sorghums $66,000,000, oats $29,348,000, hay $19,800,000, rice $7,150,000.

Based on the crop report of August 1st, compiled by the government crop statiscian before the breaking of the south and considering prices already paid, cotton was selling for 5.30 cents more per pound than at the same time last year.

She Lost Out

It was drawing near the end of the season, and the annual contest for bathing beauties was under way. The mayor, looking for men who were qualified to act as judges, asked a handsome, young bachelor if he would serve.

"Not on your life!" the bachelor exclaimed. "I was one of the judges in last year's contest, and my best girl died for a prize. She hasn't spoken to me since."

Wild Oats

WHEN Dan took Evelyn in his arms and told her that he loved her she believed him.

In her ignorance of life she had no way of knowing he was not in earnest.

If she had known she was only one of many girls into whose ears he had poured the same sweet sounding words, what a world of shame and degradation she would have been spared.

"His False Standard"—in True Story Magazine for October is a story of the sowing of wild oats—and the reaping of a crop of agony. If every man and woman could see the broken hearts and ruined hopes, the days and nights of remorse and tears that follow wrong-doing—no young man would trifle with a woman's love and no girl would give her heart to any man until she had made sure that his intentions were honorable.

Don't fail to read this thrilling lesson from life.

Other Absorbing Stories from Life

Here are just a few of the unusual features in the October Issue of True Story Magazine

"Her Final Choice"—Nina, an orphan, hungered for love. So when Peter Hodge came into her life, she fell an easy prey to his seeming devotion. She little realized that in throwing herself into his arms, she was inviting tragedy.

"What Every Woman Hopes"—Living in the country, Madge thought no temptation of city life could ever lure her into wrong. But Madge did not know how easy and attractive each little downward step is made, and how fiercely she was to have to battle for her soul.

"The Network of Fate"—When Janet concealed from her husband that his friend, had made improper advances toward her—she believed her silence the only way to save her husband from ruin. How she had to literally claw her way out of hell as a result, is a most heart gripping narrative.

"You Belong to Me"—When Avery Holson bullied her into a loveless marriage, Alice was afraid to withdraw from an alliance that was loathsome to her. Had she been properly taught from her childhood days, what agony of mind and soul she might have escaped!

"Out of the Depths"
$1000 Prize Story

When other children were being schooled in their A B C's little Jean was being schooled by a master pickpocket. When she was eighteen, she was taught blackmailing, and accepted in the most exclusive circles of society. Her beauty brought her into contact with many men.

Then Fate plunged love into her life and twisted two lives out of shape. Her own and her victim's. But who would believe the truth from a girl who had squeezed $50,000 out of a rich man for some love letters. Then came the truth—remorse—heartaches, anger, passion, love. You've probably never read such an unusual heart gripping story as "Out of the Depths," which appears in the October True Story Magazine. And you are going to say that it deserves to win the $1,000 prize.

The Gage of Battle

In this country a mighty conflict is raging. Evil is battling to destroy all that is virtuous and good.

The weapons of Evil are deceit, treachery, cunning. It slinks in the shadows and attacks in the dark. Against such a foe, moralizing avails little. The fight calls for *action*—determined, fearless. True Story Magazine, as published by Bernarr Macfadden represents that kind of action.

"During those awful days of suspense both as to Evelyn's faith and mine, I passed through hell-fires of suffering . . . and I learned that I loved Evelyn, loved her as a man loves sunshine, and woods, and rivers, and all natural, wholesome things."
—from "His False Standard" in True Story for October.

True Story needs but one weapon—the sword of truth. If it can save others the tragedy of evil; if, it can show young people the perils and penalties of wrong—it will have gone far in its battle for Right.

TEXT OF DEMOCRATIC PLATFORM

CAPITOL, Austin, Texas, Sept. 4.—The following platform was adopted by the democratic convention:

1—The democratic party of Texas, in convention assembled, adopts and approves the national democratic platform recently enunciated by the national democratic convention in the city of New York. We are proud to endorse the candidacy of John W. Davis and Charles W. Bryan, as our candidates for president and vice president. We call upon the people of the state to help in carrying their candidacy to the people of the nation.

2—At this time it is well to emphasize the imperative necessity for strict economy by the incoming administration in the maintenance and management of all state institutions. We invite the attention of the next legislature to the necessity of keeping appropriations within the constitutional limits of taxation. Our party commits itself to an adequate support of all educational, eleemosynary and other institutions of the state. The framers of our constitution placed a limitation upon the legislative power of taxation for the purpose of protecting our people against expenditure of public funds, and we invoke the observance of this limitation.

3—We congratulate the democracy of Texas on the fact that it has written a new page in the history of the government of the United States by recognizing the action heretofore taken whereby women were given the right to vote and participate in the government on equality with men and have made this recognition so emphatic that it cannot be questioned by the nomination of Mrs. Miriam A. Ferguson by an overwhelming majority—the standard-bearer of the party for the office of governor, and we pledge to her in her campaign and her administration the united support of every democrat in the state. We especially endorse and commend her purpose to materially reduce the burdens of government.

Anti-Klan Plank

4—We emphatically condemn what is known as the Invesible Empire of the Knight of the Ku Klux Klan as an undemocratic, unchristian and un-American organization. We condemn its activities in politics, and elsewhere as against the fundamental principles upon which the government was founded. We call upon all those who have joined this dangerous order through misapprehension as to its real purposes to withdraw from the same and lend their aid and influence to free the country from the strife and dissension which, as an insidious organization it has aroused among the people. We applaud the attitude of our great leader, the Honorable John W. Davis, with reference to the klan's activities, and adopt in full his condemnation of the same in his speech at Sea girt as part of our platform and principles. We demand the passage of a law requiring the public registration of all such secret organizations and likewise a law against the wearing of masks, hoods, or otherwise concealing their identity in public or private places.

5.—We favor the enactment of such additional laws as will fully protect child labor in Texas from exploitation and abuse. * * * We oppose the ratification of the Twentieth amendment to the Federal constitution dealing with this question.

6—Prohibition is written into the constitution of the United States and into the constitution of the state of Texas, and must forever remain as written. The laws enacted by the congress and by the state legislature when properly enforced are believed to be reasonably adequate to accomplish this purpose. * * * We commit the democracy of Texas and all co-ordinate agencies to a strict enforcement of these laws. * * * Prohibition in Texas is therefore settled for all time so far as human foresight can determine, and accordingly any attempt by demagogues and agitators to inject it into the campaign, where vital issues are involved is to be deprecated. * * * The democracy of Texas will tolerate no weakening and laxity in the enforcement of liquor law and will favor provisions for the appointment by the governor of assistant district attorneys for their special enforcement when, in the opinion of the executive, local officers are amiss in their duties.

7—A certain class of druggists and physicians are suspected of violating the spirit, if not the letter of the law, in the unlawful traffic in intoxicating liquors under the cover of prescriptions, and we pledge the incoming legislature and executive to do whatever may come within their province to remedy this particular evil by appropriate legislation.

We suggest that the legislature could do much to remedy this blight by enacting measures requiring detailed monthly reports to be filed with the county clerk of the county by each druggist filling liquor prescriptions showing all purchases of liquor made by him and the cost thereof and all sales, and showing the amount of gross profits on such sales and such statement should also make a full exhibit as to the quantity sold, the name of the physician giving the prescription and said report should be published monthly in some newspaper in the county where the sales are made, and adequate penalties should be provided for the violation of any of the provisions of the law by druggists or physicians.

8—We approve the efforts of the Texas Bar association looking to making more efficient the dispatch of the business of the courts and we commend to the favorable considerable of the legislature their rerommendation that the rules of practice and procedure in the courts be made by the supreme court with the aid of such members of the bench and bar the court may appoint.

9—We endorse the administration of Governor Pat M. Neff and we particularly commend the earnest efforts made by him to suppress lawlessness in every form and his determination that the violation of the law should be followed by adequate punishment.

10—We commend the determined efforts of Lieutenant Governor T. W. Davidson, while acting governor, in suppressing mob violence in the state, and in arousing the public conscience upon this subject.

11—We regard it as a waste of the people's money to build expensive highways without adequate maintenance. We commend the present effort to evolve a systematic maintenance of the roads. We do not believe any road bond issue should be approved until provisions have been made for the maintenance of the roads to be constructed.

LOS ANGELES MAN HAS COLLECTION OF STILLS

(By International News Service.)

LOS ANGELES, Sept. 4.—M. B. Runkle, of this city, has the greatest collection of stills in the world.

Not stills in the sense of photographs, but stills for the manufacture of intoxicating liquors.

Large and small, round and flat, long and short are stills included in Runkle's collection which totals more than 300.

Here is a partial list of articles from which stills in the Runkle collection were fashioned:

Garbage cans, washboilers, automobile gasoline tanks, bath-water tanks, steam cookers, tea kettles, milk cans, oil containers, tobacco cans, ash cans, washing tube and tin bathtubs.

Somebody bump into you and bend your fender or body. No need buying a new one. Just bring it Pat F. Hopkins Wheel and Body Works on West Milam St.

Gains 15 Pounds In 16 Days on Karnak

"I am seventy-five years of age but Karnak has actually built me up 15 pounds in 16 days and made me feel like a brand new man," states Mr. Alf Beard, former Marshal, Deputy and Ranchman, who is now making his home at the Ritz Hotel, Ft. Worth, Texas.

"Last January, while managing the Joe St. Mary's ranch at Flynn in Leon County, I broke down so completely from stomach trouble and indigestion that I lost 30 pounds in two months and didn't have strength to saddle a horse," continued Mr. Beard. "I even went to Marlin Wells, but that didn't help me any.

"I saw a statement about Karnak from a Houston man I knew and that started me taking the medicine. It has simply been a revelation. Three bottles have rid me of all my troubles, and I feel it my duty to tell others about it."

Karnak is sold in Mexia by Bennett's Drug Store. —Adv.

"For Mexia, I WILL"

BIBLE THOUGHT FOR THE DAY

A good name is rather to be chosen than great riches, and loving favour rather than silver and gold. —Proverbs 22:1.

PLAYGROUNDS AND VICE.

Local investigators of playground and child delinquency records find and disclose a relationship between the two that is illuminative, says the Washington Post. A check-up of delinquency arrests over a two weeks' period shows that, of the 37 arrested, only one lived within three city blocks of a municipal playground.

It is warranted assumption that children living close to playgrounds avail themselves of the opportunities so offered, and the fact that most of those arrested lived at a distance from such areas further warrants the deduction that remoteness of playgrounds makes for delinquency. This is in line with generally accepted conclusions that healthful play and recreation provide outlet for youthful energies without leading to vice and crime.

Mexia is fortunate in having Hughes Park, one of the best play parks for children in Texas, and one which is patronized by hundreds of children in this community daily.

The park is not solely for the children of Mexia but for children of the entire section. Parents are cordially invited to go with their boys and girls to this amusement center every-time they come to town.

NEGLECTING THE INLETS

Why any town or city neglects roads and streets leading into it from any direction is a mystery that puzzles minds wherever such neglect is apparent. Waco, for example busies herself about most everything else in the business world except that of repairing the road leading into that city from the great Mexia industrial and agricultural district. Corsicana, to the North, also paves her streets within her city limts and seems to take pride in allowing the X-All highway leading in this direction go to ruin. But one does not have to leave this city to emphasize the point. Right here in Mexia, within the corporate limits of the city, there is an inlet from the great Coolidge section, an inlet from the Fishpond oil field district, over Belknap Street which is so rough that it not only retards progress Mexia-wards but actually causes hundreds of people living in that direction to stay away from town and go somewhere else to buy what they need. Streets in the city have been paved, handsome schools and churches have been built, great industries have been financed and started, yet Mexia holds back and refuses to do anything about improving a mile or so of roadway which reaches out into the most fertile region of this part of Texas.

THE EDITORIAL OF THE DAY

BACK TO SCHOOL.

The most significant event of the year takes place in September when millions of children go back to school.

When the final history of this age of democracy is written the common school will be set down as its greatest glory.

Here they come—children of all classes, religions and races, trooping into the schoolrooms where they sit side by side to study and to learn. This is not only an institution for the informing of the mind, it is the training school of democracy and its importance as the representative institution of the commonwealth cannot be overestimated.

Class consciousness, snobbishness, intolerance, superciliousness, cannot exist in the atmosphere of the public school. Here the barriers that separate classes and creeds, races and communities, are broken down. A sense of mutual sympathy and understanding is developed, the solidarity of the nation is exemplified, and the one loyalty to the flag as against all other obediences and authorities and allegiances is emphasized.

Seventy years ago Theodore Parker declared: "The common school is the cradle of America's greatneess." Twenty-five centuries ago Diogenes said: "Education is the basis of the Greek state." We may well say: the public school is the foundation of the American state.

The greatness and glory of this United States waxes and wanes with the development or decline of the public school. If by reason of the growth of some other system of schools, or by a failure on the part of the citizenship to appreciate the unique civic significance of the public school, it should fall into decay a body blow would be struck at the republic.

Sometime this axiom of democracy will be universally recognized and the parents of the nation frankly and patriotically acknowledging this truth shall gladly send their children to the public schools to be instructed in secular subjects, to be trained in American citizenship, to grow up in the atmosphere of democracy, and to be imbued with the idealistic spirit of Washington and Lincoln. Herein lies the assurance of America's future.—The New Age.

LETTERS From the People

LYNCH DAVIDSON THANKS FRIENDS

September 3, 1924.

TO THE NEWS:

I am taking this means of thanking my thousands of friends for the support given my candidacy for the governorship of Texas in the recent campaign. I wish I might have the pleasure of expressing in person my appreciation of your splendid interest, but I assure you that this conveyance of my gratitude, while inadequate, is no less sincere than would be a personal expression.

The outcome of the campaign was a surprise and of course disappointing. I regret it not so much on my own account, however, as on account of the disappointment of my friends, and of the service I believe I could have rendered my state. In fact, the campaign while very strenuous was a wonderful experience for me. Traveling over 16,000 miles and meeting more than 200,000 citizens has broadened my vision of great old Texas, and renewed my faith in her democracy. And the thousands of fine friendships thereby gained and cemented, together with the assurances of continued confidence and support that have been deluging me with every mail are in themselves more than worth the fight. I come out of the campaign happier by far than I went in and I believe much stronger politically.

May I add, too, that we are not defeated; the day of our success is just postponed two years. I have never quit a good cause, and if there does not come forth two years hence some champion of the principles upon which my candidacy was predicated, whom I regard as better able to carry them out and who I can wholeheartedly support, I shall again offer my services to my state and my people.

I truly hope you will still see fit to give me the benefit of your valued support at that time, and I shall gladly welcome any expressions of your views and suggestions that you may care to make in the meantime.

Thanking you again for your loyal support, and with kindest regards, I am,

Sincerely yours,
LYNCH DAVIDSON.

New Hampshire G. O. P. Choice For Governor Well Known In Mexia

Mr. and Mrs. W. K. Boyd express much pleasure today at press dispatches that state that Captain John G. Winant, Concord N. H., financier has been conceded the Republican nomination for Governor in that state.

Captain Winant will be remembered by many in Mexia. He financed the Coyle well in the Golden Lane during the big boom here and spent several weeks on several different occasions in this city. He made his home while here with Mr. and Mrs. Boyd.

The press dispatch is as follows:

Capt. John G. Winant, Concord financier, was conceded the Republican nomination for Governor Wednesday by his chief opponent, Major Frank Knox, publisher of the Manchester Union and Leader, when the returns from 247 of the 294 electoral district gave Winant a plurality of 2,004. The totals were Winant 18,696, Knox 16,612.

In the Republican nominations for congressional representatives, Fletcher Hale of Laconia leads in the First District and Congressman Edward H. Wason of Nashua in the Second. Senator Henry W. Keyes of Haverhill was renominated without opposition. The Democrats had no contests for Governor or for congressional delegates.

The contest between Winant and Knox was spirited.

Major Knox in a message of congratulations declared that "the important thing now is to elect the entire Republican ticket," and to "stand behind Calvin Coolidge and the State standard bearers of the party."

Gov. Fred H. Brown of Somersworth, as the Democratic candidate, opposed to Capt. Winant, will be the first Governor of the State in many years to seek a second term.

SPORT LIGHTS

By SCRIBBLES.

The third day of football training at Westminster College saw a few new members added to the squad and also a valuable assistant for Coach Lewis in Lawrence Reisor, star S. M. U. fullback who will assist Lewis for about ten days.

Elmo Angel, star center for T. M. last year reported for duty and is a big husky fellow who seems to knows his stuff about the pigskin.

Cotton Wilson, a husky cotton topped lad, is showing up good with his toe. Cotton was on the Honey Grove team two years ago and still knows how to play the game.

John Hunt, who has played half on the John Tarleton squad is among those who are working for a position with the Wildcats. Hunt is a fast man, also a good passer and a fair kicker.

Coach Lewis states that the first game of the season will be played in Mexia at Nowlin Park on Saturday, September 27th with Wesley College. Wesley has humbled the Wildcats for the last two years but they expect to clean up the field with Wesleyans.

The first game of the season for the Mexia Hi Black Cats will be on Friday, September 26th with the Mart Hi gridders. The Mart gridders are coached by one of the Gusher ball players, R. C. (Country) Williamson and he expects to have a good team on the slate of every school that they play.

Robert Storey, star end for the Black Cats last year, and Reuben Parker, left Wednesday afternoon for Lampasas where they will stay with the Black Cats until Friday morning when they break camp to return to Mexia. They will also witness the scrimmage with the Lampasas Hi gridders Thursday afternoon.

Phil Karner Sr. and Robert Travis left Thursday morning for Lampasas for the Cats training camp. They will bring back a load of the Cats Friday.

AMERICANS SWEEP EUROPE OF ART, AVERS COLLECTOR

(By International News Service.)

NEW YORK, Sept. 4.—The search for American art collectors has swept Europe clean of art objects, according to Charles H. Henschel, of New York, president of a well-known gallery, on his recent return from a search for masterpieces in Europe.

He was able, however, to skew invoices for articles valued at $1,000,000, including a painting, "The Fagot Gatherers," by Gainsborough. It was purchased from the estate of the late Lord Carnavon, discover of the tomb of Tut-ankh-Amen.

SAFETY PICTURE AT BALL PARK WELL ATTENDED

The showing of the safety pictures by the Mid-Continent Oil & Gas Men's Association at the Mexia Baseball Park Wednesday night was well attended, and appreciated by all present. Cars were parked for several blocks in each direction from park and it looked as if the Gushers were again in action, but this time by the light of the moon.

Bag Limit And Season Given For Benefit of Hunters

The dove season opened here on Sept. 1st. In view of the fact that hunters around Mexia will be interested in learning the bag limit and season on other birds and animals we are printing this for their information:

The dove season lasts from Sept. 1st. to Dec. 31st., in the North zone which is North and West of I. & G. N. and T. P. Railroad tracks running from Laredo to San Antonio to Austin to Longview to Texarkana. Mexia and surrounding territory is included in the north zone. The season starts 15 days later in the south zone which is south and east of the above stated tracks.

The quail season opens Dec. 1st. until Jan. 31st.

You may kill at any time, in any numbers, English sparrows, ricechirds and blackbirds, buzzards, crows, owls, hawks, (except sparrow hawk), and rabbits.

Bag Limits.

Never more than 25 of all kinds in one day's bag, and never shipping or possessing more than a grand total of 75 of all kinds.

Deer, three bucks in one season.

Quail and Chachalaca, fifteen in one day in open season.

Wild Turkey, three gobblers in one season. Exceptions, only two in Dallas, Rockwall, Cherokee, Nacogdoches, Angelina, Tyler, Jasper, Newton, Orange, Jefferson, Hardin, and Liberty Counties.

Doves or Plover fifteen in any one day.

Geese and Brant, not more than eight in any one day.

Ducks and Wilson or Jack Snipe, not more than twenty five in any one day.

Prairie Chicken, not more than five in any one day, and not more than fifteen any one season.

Squirrels, five in any one day.

Do not fail to get your hunting license before shooting any kind of game. They may be obtained at Wolverton Hardware Company. All of this money goes to the State Game Warden to enforce the game laws, which is directly beneficial to all sportsmen.

WATER CONDITIONS.

Charts showing all water and oil elevations in the Richland field which were prepared by petroleum engineers of the United States Bureau of Mines in charge of the Central Texas fields and worked out in conjunction with the leading operatives in that field were presented at a meeting of oil operators at Corsicana at 2 o'clock Monday afternoon. The charts indicate water levels and approximate formations at the producing horizon of every well in the Richland field.

The report was submittted by H. C. O. Clark, petroleum engineer in charge of this district who has been working with an expert staff for some time on cross sections of the field upon data furnished primarily by the operating companies themselves.

Practically every company was represented at the meeting several coming from out-oftown points.

Suggestions as to the best general methods of protecting the field against untimely water encroachment were offered by Mr. Clark together with individual recommendations for the handling of particular wells that are showing water at the present. He offered his services in personally supervising work on certain wells if the companies so desired.

His recommendations included principally the cementing and plugging back of faulty producers. Edge water and bottom water which are ever present in the field must be guarded against, he stated, in order to retard as long as possible the final encroachment of the waters to both reduce the operating cost and to forestall distribution of water imporperly through the producing horizons of the field.

John R. Lock, Mexia, deputy supervisor of the oil and gas division of the Texas Railroad Commission in charge of the Corsicana-Mexia district, who attended the conference between operating companies and the Bureau of Mines engineers, declares that water conditions in the Mexia field are good. The usual trouble with water in this district has been reduced to the minimum, he states, it always having been necessary to run a good deal of fluid to produce pipe line oil taking the field as a whole.

Cutting is not necessary, the oil being simply settled out quickly Mr. Lock declares.

COMFORTS JUDGE CAVERLY IN CRUCIAL HOURS.

MRS. JOHN R. CAVERLY, WIFE

Knowing that the eyes of the world are upon him, and that he, and he alone, must fix the fate of "Dickie" Loeb and "Babe" Leopold, slayers of little Robert Franks, of Chicago, in a decision that will be flashed around the world, it is small wonder that Judge John R. Caverly showed the terrible strain of the long drawn-out hearing. When he retired into seclusion to make his momentous decision Mrs. Caverly accompanied him to cheer him up.

FAMOUS FRENCH RECIPES

Stuffed Cucumbers

PARIS, Sept. 4.—Good use may be made of the larger and older cucumbers by stuffing them.

Choose six nice ones and remove about an inch from the end. Peel and split. Remove the pulp and seed.

Make a stuffing of small pieces of bacon, well-seasoned meat, hard-boiled eggs and bread crumbs. Fill the cucumbers and press together. Tie with fine string and put to cook in a bouillon, with ham, carrots, orions, butter and seasoning. Let simmer for two hours. Reduce the sauce and bind with flour.

Health Brings Beauty

Roanoke, Texas—"I was ill for weeks, not able to do my work. I had feminine trouble of a serious nature. At evening I would have high fever and my back and head would ache day and night. The doctor wanted to give me treatments, but my druggist advised my husband to get a bottle of Dr. Pierce's Favorite Prescription. Before I had taken the first bottle I felt so much better I bought another, and before I was thru taking that I was well."—Mrs. R. E. Cunningham, Route 1.

JUDGE TO GO AWAY TO MAKE HIS DECISION

By United News.

CHICAGO, Sept. 4.—Behind a bulwark of policemen and bell and elevator boys Justice John R. Caverly attacked the last six hundred pages of testimony in the murder hearing of Nathan Leopold and Richard Loeb for the Murder of Bobby Franks.

On September 10 the Judge will impose the senteence on the youths.

Justice Caverly hopes to conclude the reading of the testimony by Friday when he plans to depart for the home of a friend about 100 miles from Chicago.

There he will make his fateful decision.

Cranks have been writing letters to Justice Caverly some demanding death for the slayers and others asking for mercy. Some of the letters contain threats.

Isn't it queer how people who are not capable of giving advice to themselves seem to know the proper thing for you to do?

WOMAN SENATOR FIGHTS GEORGIA GOVERNOR AND KLAN

ATLANTA, Ga., Sept. 4.—Mrs. Rebecca Latimer Felton, whose one day in the U. S. Senate is the only time that a woman has ever occupied a seat in the Senate House, re-entered politics by attacking Governor Clifford Walker, of Georgia, and the Ku Klux Klan.

Mrs. Felton assailed Governor Walker for his support of Judge G. Howard, of Superior Court here, a candidate for re-election. She declared the governor was influenced in his stand by the hooded order.

"I am not sure the Governor is a Klansman, but someone is making him do this extraordinary thing," she said. "I suppose he hangs up his 'hood and nightie' in the capitol of Georgia."

"TWENTY IS PLENTY"

CHICAGO, Sept. 3.—With a record of 397 deeaths in automobile accidents here since January 1 last, motorists have adopted another slogan of precaution, to paste on windshields. It is: "Twenty is Plenty," twenty miles per hour being the speed limit.

DUCHESS SUES TO GET INTO LONDON PALACE.

The Duchess of Westminster, second wife of England's richest peer, has asked a London injunction to restrain her husband from ejecting her from her London palace, Bourdon House. She declares he won't permit her to enter to recover her belongings. She is now on her way to America. The Duke's first wife divorced him in 1919, and in 1920 he married Miss Violet Rowley Nelson, daughter of the late Sir William Nelson, shipping and meat magnate.

PARIS STYLE HINTS

By ALICE LANGELIER,
International News Service Staff Correspondent.

PARIS, Sept. 4.—All the Fall openings affirm the fact that the reign of the tunic will be paramount this Winter season.

Every gown has its tunic. It may be a short one, or it may be a long one, but in any case there is a tunic of some size or other somewhere on the gown. Beehoff is introducing tunics for every occasion, and especially the long, straight one, showing only a very short underskirt and preserving the slender silhouette. They are very smart in the new tailleur costume of broadcloth or Ottoman, with the tunic often made of a contrasting material, richly embroidered or trimmed with fur. Long coats, reaching to within a few inches of the hem of the skirt, accompany these tunic costumes and are straight in line, with high colors buttoned tight around the neck, or made of fur.

Brandt's collection also shows that the tunic is the mark of distinction of the new Winter styles. In many cases he puts the tunic on otherwise straight, chemise-like dresses, in the shape of pieces set on the skirt across the front or partially covering the skirt, but leaving the back straight and plain.

Patou keeps to the tunic idea, with circular pieces attached to the skirt here and there, giving the appearance of width, without detracting from the straight-line basis, which is always essential. Often a circular godet is placed directly in front and above the knee on the skirt. A charming evening model has a black velvet panel in front with circular lace tunics at the side, edged with fur. Another has the underslip of shimmering black fulgurante satin, with a tunic of printed georgette.

Georgette is favoring the long tunic blouse to wear with her smart three-piece costumes. They come in heavy crepe de Chine and other silks and go right over the skirt, almost reaching to the very hem.

At Philippe & Gaston's tunics share honors with the single skirt, although often they are so long that the underskirt is abbreviated to a mere border the size of a pleat, or to a double row of scallops. The single skirt is frequently slit at the sides, or directly in the front, of an underdress of another material and color to simulate a tunic. The tab skirt, cut in oblong, over a slip of another gives the same effect.

Any summer girl is willing to compromise by returning the young man's heart and keeping the ring.

As Mild as Morning Dew!

"Impossible!" you may say, but a test will prove it a fact. A new mild and non-sickening calomel has been perfected—one that men, women and children can take with the greatest of safety. It is free from impurities that cause salivation, free from cramping, griping, drastic effects, free from all unpleasantness. It works on a new principle. The purest English calomel is combined with pepsin. The pepsin dissolves slowly and allows the calomel to be absorbed into the system without forming a strong calomel solution. That is why it cannot sicken. From your druggist. Prepared by the Pepsinated Calomel Co., Atlanta, Ga.

NEGROES START INSTITUTE JUST WEST OF TOWN

Construction is reported to have begun today on a $30,000 building to be used as the main structure for the Negro Primitive Baptist Industrial Institute near this city. The contract has been let to J. C. Hodges and actual work on the institution is now under way on what is known as the old Broadnax place southwest of town about a mile and about a quarter of a mile from the road to Tehuacana and on the hill.

The negroes who have been working in the interest of locating the college here have been working zealously for many month and have had the cooperation of the citizens of Mexia, whites and negroes, in putting the project across.

The institute will draw students from all states of the Southwest.

In addition to the main building, two wooden dormitories will be built it is understood, according to early plans formulated.

The campus site consists of 33 acres that have been secured for the institute.

PERSONS NOT ENTITLED TO VOTE CAST BALLOTS IN FIRST PRIMARY CONTESTANT SAYS

Contest of the right of J. A. Stanford of Waco to be the democratic nominee for associate justice of the Tenth Court of Civil Appeals is made in a suit filed in the Nineteenth district court by Mr. Stanford's opponent in the first primary, Associate Justicee J. W. Spivey. A hearing on the contest will be held September 15, according to announcement made Wednesday by District Judge James P. Alexander.

There were only two entries in this race, hence they participated only in the first primary, July 26.

Claims Irregularities.

Probably the most important allegations on which the petition is based is in Waco many were allowed to vote whose names do not appear on the list of qualified voters.

The contention is also made that in some of the incorporated towns in the Tenth district where a poll tax was levied for 1923 that persons who had not paid their poll taxes were permitted to vote.

In at least one precinct in the district it is asserted that the numbers given to voters on the poll list is duplicated as to some 150 votes, and in which precinct the contestee is declared to have received a majority.

Judge Spivey asks for a hearing on the evidence and that such returns as are complained of be excluded and that the contestant be declared the nominee.

Many irregularities are urged as the basis for the contest on the part of Judge Spivey, the greater portion of these dealing with the manner in which the returns of the election were made and their certification to the respective democratic executive committees in the Tenth district. At the Tenth judicial convention held in Waco, August 23, last, Mr. Stanford was declared the nominee by a majority of 272 votes.

In his petition Judge Spivey styles himself the contestant and Mr. Stanford the contestee. He claims that no returns were made from some of the voting precincts in the counties in the Tenth district, and that those returns made were defective in law, so as to constitute no returns.

He further alleges that the executive committees canvassed the returns on such information as was furnished them, whether this information was constitutional legal returns of the election from several precincts, and upon such returns, whether in legal form and authenticity, and upon information where they had no legal returns, and declared the result of each voting precinct.

Judge Spivey alleges that the returns tabulated were based on the character of returns and information hereinbefore mentioned, erroneous counting of votes, erroneous addition of votes, which if otherwise might have been legal, were illegeally received and deposited ballots and accordingly counted.

It is contended by Judge Spivey that if only the ballots of legal voters and only legally cast votes had been counted, and correctly, and if only legally prepared and authentic returns had been canvassed that he would have received a majority.

The contestant further declares that in many voting precincts, wherein the contestee was given a majority, the presiding officer did not hold the election.
